THURSDAY EVEN.NG, DEC. 20, 1900.

Four Kings and a Joker At the time of Colonel Cody's advent Emperor William was entertaining there three kings of smaller Germanipowers. The royal gentlemen were very much interested in the Buffalo Bill exhibitions, and Colonel Cody was the recipient of many favors from the emperor himself. One feature of the performance was the exhibition of the antiquated Deadwood coach containing passengers who are attacked by In-

dians and finally rescued by cowboys. The kaiser asked to be allowed to ride in this vehicle with his royal guests and to participate in this interesting experience. The request was of esting experience. The request was of court and and when the coach course granted, and when the coach was furiously assailed by howling Indlans its inmates were as usual saved by gallant cowboys.

After it was over and as the royal party were descending from the coach the emperor remarked:

"Colonel Cody, I do not suppose this

quick witted scout, "but this is the first time I ever held four kings and a royal joker at the same time!"-San Francisco Evening Post.

Fresh Water Springs In Midocean. Several fresh water fountains are known to exist in the gulf of Mexico. where vessels have frequently filled their casks with ice cold sweet water that comes up like a geyser in the midst of the salt water. The fresh water springs, as the sailors call them, have been known in the gulf for 200 or 300 years. They were discovered by early voyagers and were the salvation of many a mariner whose supply of fresh water ran short while he was becalmed in the doldrums. Some of the fresh water springs are marked upon the charts, but there is so little need of them nowadays by the steam ers on the gulf and the sailing fleet is so small that no attention is pald to them, and they have passed out of the knowledge of the younger skipper .-Chicago Record.
